TB WORKERS CONFER — With the millfilm chest x-ray survey in Washington Township completed, two of the leaders of the project, Edward Enos and Mrs. J. R. Whipple, turn their attention to the next anti-TB activity for the community — the 1953 Christmas Seal sale to provide funds for continuation of work of the Alameda County Tuberculosis and Health Association. Enos, Niles postmaster, has a double assignment for the 1953 sale which starts November 16. He is community chairman. Mrs. Whipple, who has been identified with TB Association activities for 39 years, again is serving as Washington Township chairman for the seal sale. Plans for the 1953 seal sale were outlined at a meeting of volunteer workers at the International Kitchen.

2nd Hay-Barn Fire Causes \$40,000 Damage, Razes Holly Sugar Bldg.

For the second time in six days, a big hay-warehouse fire hit Washington Township Saturday night, when flames destroyed a huge barn on the Holly Sugar Co. grounds at Alvarado with loss estimated at \$40,000.

Unlike Decoto's \$50,000 Salz & Co. warehouse fire the previous Sunday, however, there was no hint that a firebug was involved.

Both Fire Chief Elvin Rose and Sheriff's Capt. R. E. Condon said they believed the warehouse ignited from spontaneous combustion of green hay stored there.

J. M. Ratekin, plant superintendent, said 700 tons of hay were destroyed in the conflagration, which attracted spectators for miles around.

Workers spotted the fire shortly before 9 p.m. By the time the Alvarado firemen arrived a few minutes later, the entire building, measuring 100x50 feet, and 25 feet high, was in flames.

Emergency crews from the Holly factory also helped fight the blaze. Chief Rose ordered one truck to stand by all night to prevent flames from spreading to the sugar mill, only a few yards away.

Like the Decoto fire, the burned hay smoldered for several days.

No leads have been obtained on incendiarism at the Salz warehouse, Condon said. Fire Chief Roland Bendel of Decoto said he believed it to have been set, because of two earlier firing attempts at another warehouse nearby.

In Irvington?

No Plant Site

Irvington residents this week heard a railroad authority class their area as a poor prospect for industry—unless more and better property is zoned for factories.

W. V. Hanson, assistant industrial agent for the Western Pacific explained:

"The land you've set aside for an industrial area now is useless. It would be too costly to fill it" (to the level of the adjoining WP tracks, which are 10 to 18 feet above ground level).

Hanson spoke to a meeting of 150 citizens called by the local chamber of commerce to discuss rezoning. He asked that the group consider industrial zoning in a 500-acre triangle bounded by the railroad tracks, Driscoll Road and the Niles-Mission Highway. Said Hanson:

"That'd give us something to show these fifty million dollar plants that are looking for a place to locate."

The audience took no action, but Walter Connolly and others present spoke in favor of making it easy for industry to settle near Irvington. Said Supt. of Schools Gus Robertson:

"If more industry doesn't come here within two years, I'll guarantee you'll be paying a \$2 school tax." The present tax is 90 cents. It is held there, Robertson explained, by the \$4,000,000 tax value of the PG&E plant.

Chamber President Walter Pond asked and got an overwhelmingly favorable vote for (1) zoning in general, and (2) a revised plan for the Irvington area presented by County Planner Stanford Farness.

Pond said the chamber will call a final meeting shortly to sound out public opinion before forwarding the blueprint to the Planning Commission with a request for rezoning to fit it.

HIT LABOR CAMPS NEAR IRVINGTON

A pair of farm-labor camps near Irvington were okeed Monday by the County Planning Commission, but neighbors vowed to take their protests to the Board of Supervisors.

Permits for the camps were requested by Allan R. Hirsch and Roy Clark. Hirsch's would be located on the Silva Ranch, 1½ miles south of Irvington on the west side of Durham Road. Clark's site is on the west side of Driscoll Road, near the Niles highway.

Hirsch's request was opposed by a petition bearing 20 signatures, and Clark's by a petition carrying 46.

Commissioner Fred Mellmann cast the lone vote against the camps. Opponents said they will protest when the Supervisors consider the issue.

Yule Lights

Christmas lights in Centerville will be lighted from 5 p.m. to midnight, Harry Weber, chairman of the local Chamber of Commerce lighting committee, told his fellow-members Monday.

Weber said the traditional Yule-tide lights and decorations will be installed on Main Street immediately after Thanksgiving.

New Meat Market

Now operating in Leask's Market on Fremont Avenue is a butcher shop run by August "Steve" Steffan, well-known to Niles shoppers.

Owner Baine Leask is using his new meat department to supplement his grocery and produce lines.

Schools Strain to Hold 5775 Pupils; Eye Doubleups

This week, two months after Washington Township schools opened for the fall term, a record-shattering 5775 pupils are enrolled, reports from nine districts showed today.

It is an increase of 431 over the opening day, September 10, and marks by far the greatest number of youngsters in local classrooms. * Washington Hi leads the list

TOWNSHIP-WIDE ACTION NEEDED FOR TRASH DUMP

Action on a Township-wide garbage dump remained at a standstill this week, and one Centerville Chamber of Commerce member said it remains a Township-wide problem.

To questions on what has been done about the badly-needed dump, Eugene Manning replied that, as recently reported in The Register, the Union Sanitary District declines to tackle the problem because State laws bar anyone living outside the boundaries of the district from using such a facility.

"All (four) sanitary districts in the Township would have to combine to run it—and a lot of us think that'd be a good thing," Manning commented.

ANYBODY WANT AN OLD FIREHOUSE?

Centerville is going to get a new firehouse, and the old one is going begging.

Fire Commissioner Fred Rogers told the local Chamber of Commerce Monday that it isn't feasible to move the old building to another site because it fails to measure up to new County building ordinances, and would have to be completely rebuilt.

"We'd give it to the Scouts, but they can't afford to move it either," Rogers declared. "Maybe we'll just have to sell it for four bits."

He said plans for the new structure are being okeed by the State, and that he expects work will be started in January.

Hospital Leases X-Ray, Lab Units To Doctor Firms

Directors of the Washington Township Hospital District announced this week they have agreed to lease x-ray and laboratory facilities at their proposed \$1,250,000 hospital to two firms of Oakland medical men.

According to L. S. Whitaker, chairman, the trustees last week signed agreements with Drs. W. J. Hartzell and P. R. Shumaker to run the hospital's x-ray department; and with Drs. George S. Loquvam and Leonard R. Ortega to run the pathology lab.

Whitaker said the arrangement, common among hospitals, will save the tax-supported district "more than \$50,000" in outlays for radiology and pathology equipment.

Terms of the lease specify that both firms will pay 20 per cent of receipts to the hospital for all revenue over \$2500, and 10 per cent under that amount. The leases are to run for five years.

Salaries, upkeep and equipment will be paid by the lessees.

The hospital is to supply only office and laboratory space, plus janitor service. The arrangements were made, Whitaker said, after:

1. The policy was approved by a committee consisting of all Township physicians, and
2. Interviews with more than 12 medical firms, conducted in conjunction with the local doctors.

At its meeting last week, the directors also adopted a set of by-laws governing the hospital's medical staff, which likewise will consist of all practicing Township physicians, Whitaker added.

Preliminary blueprints for the 63-bed institution on Santos Road have been okeed by State officials, and final plans now are being drawn by the Niles architectural firm of Sorensen & Ellsworth. Whitaker expects them to be finished early in January.

The plans then have to get final approval of State architects, after which bids will be let—sometime in March or April, the chairman predicted.

Bonds to finance the hospital, voted a year ago, remain unsold until the contracts are let, Whitaker stressed, saving extra taxes to property owners here. The hospital district, some five years old, levies a 20-cent operating tax each year.

15 VIE FOR CC JOB IN MISSION

Fifteen candidates were nominated Monday for nine directorships in the Mission San Jose Chamber of Commerce.

They will be elected in December's meeting. Candidates are: Roy Dean, Warren Wilson, Elmo Andrade, Dr. R. B. Fisher, Jacob Koelsch, Lois Bottenberg, Brad Agrella, Helen Murphy, Herman Medeiros, M. J. Overacker, Joseph Rees, William Windett, Morse Gimenez, John Amaral and Dr. A. A. Albrecht.

The nine elected will pick chamber officers for the ensuing year.

Miller to Speak

Representative George P. Miller will be tonight's speaker before the Alameda County Community Service Organization, meeting at 8 o'clock in Decoto Grammar School.

Congressman Miller will discuss the McCarran Immigration Act, according to Raul Ramirez, president of the CSO.

Workers Rejoice

United Crusade Winds Up Successful Campaign in Washington Township

United Crusade campaign chiefs were cleaning up loose ends here this week, with the drive pronounced an unqualified success and several divisions near or over last year's marks.

Campaign Chairman Peter D. Juhl said today he believes "about \$22,000" was collected in the month-long drive, but urged workers to hasten and turn in some \$3000 still estimated outstanding.

Exact accounting of how much was donated in the Township is rendered difficult because this area's industries are lumped with others in the East Bay United Fund drive. However, Juhl said:

"Industrial Chairman Harlee Bradley and J. A. Ratekin estimate more than \$15,000 has been contributed, and believe there is more to come."

A large late check for \$3500 was received from Leslie Salt Company. A substantial portion of this should be credited to Washington Township, Juhl declared.

Residential workers under Mrs. Bruce Michael collected more than \$2400, and Mrs. Michael says she believes late turn-ins will put that division over its \$3000 goal.

Schools, under Jack MacGregor, donated \$1815, virtually the same as last year. Business in the Township thus far has come up with \$2500, about \$400 less than last year.

But Juhl said this is because several large groups, notably medical men, attorneys, dairies, and garages, have been encouraged to give with their East Bay professional or trade organization.

Juhl thanked workers for their efforts and again stressed the importance of turn-ins to wind up the 1953 drive.

HIDALGO TO RUN FOR RE-ELECTION

Candidates for president of the Decoto Chamber of Commerce for 1954 are Manuel Hidalgo, incumbent, and Al Ferreira.

Both were declared nominated at last week's chamber session. The voting takes place next month, and the winner will be seated in January.

Other nominees include: vice-president, Frank Borghi Jr. and Robert Hendricks; second vice-president, Aurio Neves; secretary, James Swartz; treasurer, Peter Decoto; sergeant-at-arms, Manuel Boliba; parliamentarian, Dr. Harold Schoenfeld.

Director nominees are Bernie Joseph, Jack Faletti, Keith Whipple and William Davis.

Mission School Asks State for \$475,000 Aid

Trustees of the Mission San Jose School District this week asked the State to lend them \$475,000 to provide a school for 450 pupils. M. J. Overacker Jr., clerk of the board, said the new school will provide 12 classrooms, a kindergarten, administration offices and a multi-purpose room for an expected enrollment of 450 in the fall of 1955.

Overacker said enrollment now is 240, a boost of more than 160 per cent in the past five years. Most of the increase came this year with opening of three new tracts in Mission San Jose.

The money, if approved, will supplement some \$100,000 in bond funds voted last year. The school site currently is the subject of condemnation proceedings. It is slated for a 10-acre site southeast of the new Lincoln and Russell tracts.

Jed Oxborrow, building coordinator, said the State Department of Education already has approved the program. The State aid presumably would come from the \$185,000,000 bond funds voted last November.

NEWARK PLANTS TO HOST PURCHASERS

Alameda County manufacturers today announced selection of two Newark plants among the six factories to be displayed to 200 top Northern California purchasing agents who will be their guests on the Seventh Annual Purchasing Agents Day, November 19.

Sponsored by the Alameda County Manufacturers Division of the Oakland Chamber of Commerce in cooperation with other organizations, the annual event directs attention of the purchasing agents to Alameda County's industrial capacity and the wide variety of her products.

Hal Saunders, arrangements chairman, announced that the following plants had been selected for the industrial tours phase of the event:

Kellogg Company, Golden Grain Macaroni Company, Pioneer Division, The Flintlock Company; Crown Zellerbach Corporation; Wedgewood Division, Rheem Manufacturing Company, and E. J. Lavino and Company. The latter two are in Newark.

Three tours covering two plants each have been arranged and the purchasing agents will be given their choice, with transportation by charter bus and lunch to be served en route, Saunders said.

Editor, Sir:

We wish to thank you for the notices of our Fatima Day which you had printed in the Township Register at our request.

We feel that it was due to the kindness of the local newspapers that our Rosary Procession was the devotional success that it turned out to be.

The picture on the front page of your paper of November 5 was truly a masterpiece. How well it depicts the words made famous by one of America's best loved writers and humorist, Mark Twain:

Editor, Sir:

The landowners along Highway No. 9 presented the Niles Chamber of Commerce a petition for their recommendation to protect the property owners at the time of zoning the town of Niles for a C-1 classification (Light Commercial). All the 38 landowners bordering the strip signed in favor, besides 49 other people that live in the vicinity. Many more could have been obtained, but our time was limited, because we wanted the petition presented before the Chamber met with the Planning Commission.

On October 22, The Register stated what a few of the members of the Chamber of Commerce felt about our request. They have misinterpreted in regards to the type of buildings the landowners intend to build in the future. NO

FUR TRAPPING REVIVAL IN STATE

California's pioneer industry, fur trapping, has not only managed to hold its own against a century and a half of advancing civilization, but continues to provide a million-dollar-a-year business, the State Department of Fish and Game disclosed today.

Annual trapping report of the Department shows that pelts sold from the 1952-53 seasonal catch brought the State's 517 active licensed hunters a total of \$104,500. The figure is for raw fur only and does not include processing or merchandising values.

Associate Game Manager George Seymour, in charge of fur management for the department, estimates that another \$15,000 to \$20,000 worth of pelts were taken during the four-month season by youths and farm boys under the age of 18 who do not make an annual report nor require trapping licenses.

Lower prices this year pulled total sales down \$9,400 from the previous season's \$113,900. The number of pelts taken, however, set a post-war record of 91,300 largely because of the continuing upsurge in muskrats. Fewer trapping licenses were sold—only 901, against 1,036 for 1951-52—but almost 10 per cent more of the license buyers did active trapping.

Average prices this year ranged from \$14.50 for north coast county minks to five cents for Sacramento County opossums. Beavers, which were the mainstay off the fur trade in the days of the mountain men and Spanish dons, this year brought an average of \$5.87. Some 600 beavers were taken, most of them in the Delta region and along the Colorado River.

Skunks, no longer trapped as intensively as they were a few years ago, brought only 84 cents and raccoons, an old time favorite, were worth a mere 68 cents.

Bulk of the season's catch, as in the past seven years, was muskrat. Selling for an average of \$1 a pelt, these rapidly-multiplying marsh dwellers made up over 90 per cent of the year's catch. The increase was particularly apparent in the Sacramento Valley, where 46,500 skins were taken—up nearly 20 per cent over the previous year. One trapper alone was able to take over 3000 muskrat pelts.

Ease of trapping and handling, coupled with steady demand over the years, make the little animals popular with trappers. Some veteran trappers have even migrated from the muskrat-rich Louisiana bayous to share in the harvest of California's growing crop, Seymour related.

Pelt sales continued generally slow, affected by international fur

HIGHWAY STANDS ARE TO BE BUILT.

Please read the following letter, which is an exact duplicate of our petition that we presented to the Chamber of Commerce:

To the Niles Chamber of Commerce, Niles, California.

Dear Sirs:

"We would appreciate your interest and cooperation with our situation to approve our request to the Planning Commission with the following:

"We, the undersigned, would appreciate your interest at the time of Zoning the town of Niles to allow property on the North and South sides of State Highway No. 9, starting at and including the Mission Road Sanatorium to a point of 400 feet South East of Morrison Canyon Road inclusive, to have 400 feet or more off the State Highway considered for Light Commercial use or equivalent to C-1 Classification as of now.

"We, the property owners bordering this strip have agreed to set back our future buildings at least 20 feet or more off our property line on the State Highway. We have all agreed to keep up our ground and buildings, so everyone will be proud of this area.

"We, the undersigned, would like to see the property owners granted their request of protection for a Shopping Center. We feel it would benefit all of us" (We obtained 49 signatures of people living close to this area in favor of us.)

The property owners are going to build modern type of buildings, plenty of parking space, and grounds are to be kept up to make an attractive location.

Does this sound like highway stands and eyesores to you?

Now what is your opinion?

MRS. MARY A. SILVA DIES IN NEWARK

Mrs. Mary Aurora Silva, 68, native of Newark and life-long resident of the town, died at her home on Thornton Avenue last Thursday, presumably of a heart attack.

She was the wife of the late M. D. Silva, pioneer merchant and civic leader. Services were this week at Chapel of the Palms, Centerville, with funeral mass at St. Edward's Church, Newark.

Mrs. Silva is survived by a son, Eugene, and one grandson, both of Arcadia; her mother, Mrs. Mary Dutra of Centerville; and two brothers, John E. Dutra, Centerville, and William Dutra of Newark.

She was a member of the SPRSI, the Confraternity of St. Anne of St. Edward's Church, and DeGualupe Institute of the YLI at Niles.

Rev. Thomas P. Gilbert officiated at the funeral mass Monday for Mrs. Silva. She had been ill for a few weeks when she apparently suffered a heart attack.

Mrs. Silva was born in Newark February 18, 1885. Her husband operated a grocery store on the corner of Thornton and Sycamore Streets for nearly 50 years, and she helped him in the store. Mr. Silva was a trustee of the Newark Elementary School for 35 years. He died September 16, 1948.

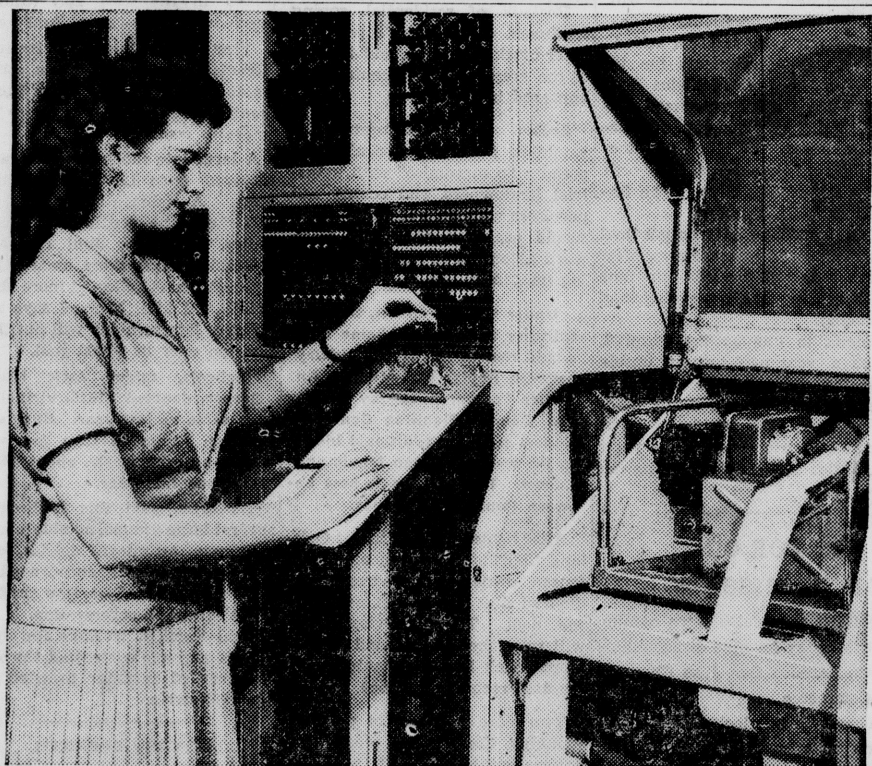

A month before his death, the Silvas sold the grocery store to Laurie and Lillian Costa, who still operate the store as the L & L Market. Costa had worked for Mr. Silva since 1915. After Mr. Silva's death, Mrs. Silva moved to 2190 Dairy Avenue.

MUMPS AGAIN

One case of mumps and two of chicken-pox were reported in Washington Township last week by Dr. James Malcolm, county health director. Eden Township is having a mild measles epidemic with 16 cases reported.

WITH A.M.A. YOU'LL DIAL FARTHER, FASTER

How A.M.A.—Automatic Message Accounting—streamlines telephone service with electronic magic

All over the West, people are making routine calls over much greater distances than they used to. We're always working to tailor service to the changing needs of those who use it... for example, making it possible for people to dial more of their calls over longer distances. To do this, we needed automatic equipment to record the information necessary for billing the out-of-town calls you dial. Bell Telephone Laboratories solved this complex problem with A.M.A., an amazing achievement in electronics.

A.M.A. cuts costs, helps keep rates low

A.M.A. is fast, accurate, and greatly extends the scope of dial telephone service. It saves time... and money. And it's typical of what we're doing to build better, more efficient telephone service—keep costs down and make your telephone ever more useful.

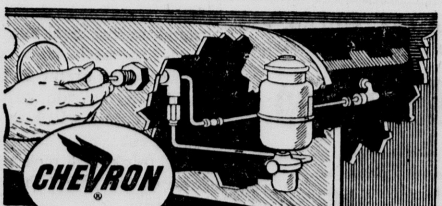

YOUR TELEPHONE IS ONE OF TODAY'S BEST BARGAINS

Faster telephone service is one advantage of A.M.A., which makes possible direct dialing by customers of out-of-town calls. Already installed in some parts of the Pacific West, the equipment automatically keeps track of your out-of-town calls with uncanny accuracy, sorting them out and compiling them for your monthly bills. Other installations in the West will be made as the intricate equipment becomes available. For our eventual goal is customer dialing of long distance calls to all parts of the nation.

W.U.H.S. Students Help Govern Selves Through New 'Student Court'

New among student government functions at Washington Union High School is the Student Court. This student tribunal was organized last year by the Student Council for the purpose of helping to deal with violators of the school's Code of Ethics.

The Code of Ethics is basically a statement of democratic ideals which stresses good conduct, respect for the rights of others, sense of responsibility, and good sportsmanship. Students who violate these principles of good citizenship may be issued a citation by a student council member or a faculty member.

Membership of the Student Court is selected from the representatives on the Student Council. Five members are selected each month with one serving as chief justice and another as court recorder.

On the call of the chief justice, the court meets to hear cases referred to it by arresting officers. The first cases of the current court session involved students accused of unsafe driving on the campus, throwing lunch papers on the school grounds, and creating a disturbance at a football game.

Each person accused is given the opportunity to state his case prior to the deliberations by the court. Such deliberations have

been carried on with understanding and a sense of fairness and firmness. For first offenses the court issues a warning and the offender, if declared guilty, is asked to sign a pledge to conform with the Code of Ethics. The court has the authority to prescribe punishment for second offenders. Such punishment usually involves the loss of student body privileges. Those who appear to be chronic violators are referred to the school administration. No such cases have yet been noted.

Present court members are Chief Justice Logan Norris, Centerville; Court Recorder Don Santos, Irvington; Connie Emmett, Newark; Dan Davis, Centerville, and Bud Dickerson, Irvington.

Norris is the son of Superior Judge Allen G. Norris.

DOGHOUSE IS HOME FOR LOOT, THIEF

Donald K. Freer was doubly in the doghouse this week.

Freer—aged 20—is in custody on charges of burglarizing a Decoto service station where he had been employed last Wednesday.

William C. Johnson, Niles, operator of the station at Highway 9 and G Street, told officers \$400 in cash and checks was taken. He recalled Freer had seen him hide the money.

Detective Henry Vervais questioned Freer at his home, 308 E Street. Vervais said Freer admitted returning after work, forcing the door with his shoulder, and taking the money.

Then, said Vervais, Freer led him to a doghouse at the rear of his home where he removed a cigar-box containing \$320 in currency and change. He denied seeing an additional \$80 in checks and credit card receipts which Johnson reported still missing.

Freer will appear this week before Judge E. A. Quaresma.

Orangeburg Plant Dedication Set

Formal dedication of the \$2,500,000 Orangeburg pipe plant at Newark will take place next Wednesday, with scores of top-flight industrialists and businessmen slated to be on hand.

H. J. Robertson, president, and C. G. Dubuque, Newark plant manager for the Orangeburg Manufacturing Co. of New York, will host the out-of-town and local dignitaries at luncheon in the new factory, located on Central Avenue at the Southern Pacific tracks.

A press preview of the plant will be held Tuesday.

On Wednesday, special buses will carry guests from San Francisco and Oakland to the Newark plant.

The factory will be in operation within a few weeks. Some 70 local workers are in process of being hired from a reported 700 applicants.

Orangeburg makes soil-pipe from a combination of asphalt, paper fibres and chemicals.

Airman Escapes

A Decoto airman had a close brush with death last week when his C-47 transport crash-landed in the mountains of Colorado.

He is S. Sgt. Henry Gutierrez, 25, son of Mr. and Mrs. William Gutierrez, 600 F Street. Sgt. Gutierrez was a member of the crew of the twin-engined plane when an engine failed and ice formed on the wings, forcing it down near Calhan, Colorado.

He suffered lacerations of the scalp and face, but is reported recovering with three other crew members at Camp Carson, Colo.

The Foreign Trade Zone at San Francisco now occupies four transit sheds at Pier 45.

REPR. MILLER TO BE HERE TUESDAY

Congressman George P. Miller who represents Washington Township in Washington, D.C., will lend his official ear to his constituents here next Tuesday.

Repr. Miller, whose Eighth Congressional District office is in the Island City, says he will be in Supervisor Chester Stanley's office in the County Building, Centerville, all day November 17 "to meet my constituents, answer questions, and consider individual problems relating to my work."

On previous days, Miller will be in San Leandro and Hayward, and on the 19th he will be in the Livermore Valley. He believes

this is the first time the "grass-roots-office" approach has been used in this area.

Marjorie Best Marries
Frank Adams in Reno

Marjorie Anne Best, daughter of Ivan Best of Alvarado, and Frank Charles Adams, son of Mr. and Mrs. W. C. Adams of Newark, were married November 5 at a ceremony performed in Reno.

Marjorie was a senior at Washington Union High School and will continue her studies at night school. Frank was a student at Washington Union High where he was active in sports. He is now employed by Kimber Farms in Niles.

After a few days in Reno, the couple returned to Alvarado where they are living temporarily with Marjorie's father.

Benefit Whist

SPRSI No. 79 of Niles will sponsor a whist party for the benefit of Corpus Christi Church on November 15 at 1:30 p.m., at the Newark Pavilion.

Turkeys and many other valuable prizes will be given, according to Mrs. Edward Olivera and Mrs. Joseph Andrade, co-chairmen of the committee handling arrangements.

All-Americans

Anytime is the time for a pretty girl, and a pretty girl and a seasonal favorite make a wonderful combination. She's Mamie Van Doren, Hollywood star who has been chosen as the "All-American Waitress" by the National Restaurant Association. One thing all the approaching holidays — Halloween, Thanksgiving, Christmas — have in common is good food. And this is the season when dessert comes into its own. From the many delicious items offered by the baker — cakes, doughnuts, pies and pastries — the blonde discovery has chosen an old favorite, pumpkin pie, as the All-American dessert.

WELCOME STRANGER TO CENTERVILLE!

A committee to welcome newcomers to Centerville's business fraternity was named Monday by Romeo Brunelli, president of the local chamber of commerce.

Heading the committee is Dr. John Austin, himself a newcomer to Centerville. Assisting Dr. Austin will be Mrs. Leontine Costa.

The Easter Cross on San Francisco's Mount Davidson is believed to be the tallest Easter Cross in the world—103 feet—while the mountain itself is the loftiest point in the city.

BEARCATS TRIM BERCOVICH, 8-2; ROMERO FANS 18

By TONY ROGERS

The Bearcat Club defeated C. Bercovich and Sons Junior nine Sunday, 8 to 2, at Centerville for their fourth straight win in the East Oakland League.

Frank Romero hurled the game for the Bearcats, allowing two hits while fanning 18 and walking one. He had a no-hitter going for six innings but in the seventh a double by Coughlin and a homer by Biosotto ruined it.

Romero also was the big stick for Centerville with 3 for 5. He clouted a home run in the first inning, driving in two runners ahead of him. He singled in the seventh and singled again in the eighth, driving across two more runs for a total of five during the game.

The Cats scored four times in the opening inning on two hits, a walk and an error; once in the third on a double play by Lemos, and two wild pitches. A walk to Jacinto, a passed ball and a base hit by Roderick scored another in the fifth. Two walks, a sacrifice and Romero's base hit accounted for the last two runs in the eighth.

Each team pulled a double play. The Bearcats' came in the ninth from Fernandez to E. Romero to Roderick.

Bearcats play Yellow Jackets next Sunday at Centerville to complete the first half. Game time: 1:30.

The box score:

'Valli Fever' Hits Huskies 32-7 Loss to Bells; Campbell is Next

By BOB HIRD

Paced by Lou Valli, one of the finest backs in Northern California, a top-ranking Bellarmine eleven handed the Washington Huskies a 32-7 trouncing last Friday in a non-league encounter.

The Huskies resume SCVAL play tomorrow night when they face the tough Campbell Buccaneers.

PREP ROUNDUP

Campbell and Fremont moved into a tie for first place last week as they both scored victories, while previous league-leading Santa Clara toppled from the top spot.

The Bucs spoiled the Panthers' fine record, edging them 13-6. Fremont beat last-place James Lick 14-7, and now both the Bucs and Indians have a 3-0-1 mark to the Panthers' 3-1-0.

Only other SCVAL game found Los Gatos beating Mt. View 27-13.

Top game of the week will find the Panthers facing the Indians at Townsend Field.

This week's schedule:
Fremont-Santa Clara.
Campbell-Washington.
Los Gatos-James Lick.

Newark PTA Host to Phoebe Hearst Council

The Newark PTA will be hosts to Phoebe A. Hearst Council on Thursday morning, November 19, at Calvin Hall.

Registrations begin at 9 o'clock and the meeting starts at 9:30. Lunch will be served at 12:15 by the Women's Societies of the Presbyterian Church. Reservations for lunch may be made by calling Mrs. Neil Sheffield, Newark 3-3571.

About 100 delegates from the various PTA units in the council are expected to attend. This is the first time the meeting has ever been held in Newark.

B'S SALVAGE 6-6 TIE WITH BELLS ON MASUDA'S T.D.

The Junior Huskies of Wash-Hi played Bellarmine Frosh-Sophs to a 6-6 tie last Friday night at Townsend Field, Santa Clara.

The Puppers' lone tally of the contest came midway through the initial period when Fullback Ron Masuda climaxed a 70-yard drive with a 5-yard jaunt into the end zone.

The score was set up when Quarterback Gerry Meyers, filling in for Bob Hird, who suffered a broken bone in his hand during a practice scrimmage, hit Left End Art Anchundo with a pass, and Anchundo romped 60 yards to the Bells' 10.

Midway in the third period Meyers broke loose on a quarterback sneak and raced 30 yards into the end zone, but the play was called back on an offside penalty. The Pups blew another chance late in the fourth period when Tito Rangel's attempted field goal was blocked.

Coach Gene Johnson cleaned his bench as he let everybody play.

Tomorrow night the Puppers face the Campbell B's on the local gridiron with kickoff time at 6.

Score by quarters:
Washington 6 0 0 0
Bellarmine 0 0 6 0

Extended Trip

Mr. and Mrs. Lucas Zaballos of Newark returned this week from an extended trip to Las Vegas, Palm Springs, Los Angeles and Hollywood.

Traveling with the Zaballos' were friends, Mr. and Mrs. Roland Baptist of San Lorenzo.

The Zaballos' visited Tijuana to view a bullfight. Mr. Zaballos is a partner in the Lustan Meat Co. of Alvarado and Newark.

'C' HOOPMEN WIN PAIR, LEAD LOOP

The Washington Hi C quintet captured their fourth and fifth league victories last week and now support a 5-1 mark in league play. They have one game left in league competition.

Last week's victories were over Campbell and Live Oak, the Huskies beating the Bucs 36-30, and trouncing the Acorns 60-29.

High-scoring Forward Manuel Avila paced the Cs in both wins as he tallied 10 and 23 points, respectively.

The Orange and Black D quintet dropped both of their encounters to the Bucs and Acorns, losing to the Bucs 20-13, and the Acorns 40-16. The Ds now have a 1-5 record in league play.

Newlyweds

Congratulations are being sent to Mr. and Mrs. Timothy Wagner, who were married in Carson City, Nevada, on October 16.

Tim is a former resident of Irvington and attended school there. He is the son of Mrs. Adeline Harvey Tarter, now of San Jose, and Paul Wagner of Oakland.

The bride is the former Shirley Edwards, daughter of Mrs. Frankie Edwards of San Jose.

The young couple are making their home in San Jose, where Tim is employed by the San Jose Mercury.

Visit in Irvington

Mrs. Mae Henry and Mrs. Alice McGuire of San Leandro were visitors at the home of Mr. and Mrs. Ernest Foster and Mr. and Mrs. Joe Amaral Jr., of Irvington, last week.

California's highways are littered with cans, bottles, paper and other trash. Help clean them up and keep them clean. Don't throw trash from your car.

ARREST SOLVES 2 IRVINGTON CRIMES

Arrest of a 16-year-old Irvington high school youth has solved two week-end burglaries in the town, Sheriff's Capt. R. E. Condon said today.

The boy was nabbed when Deputy R. T. Wilson spotted him asleep Sunday night in a truck parked in a break-in at Rohrbacher's. Wilson noted the youth was wearing shoes similar to those taken Store Thursday night.

Questioning drew a confession, and uncovered more than \$100 worth of clothing taken in the burglary cached in various spots around town. Condon said the youth also admitted breaking into Lee Steinmetz' grocery Friday night and stealing candy.

The boy, currently on probation for other burglaries, was turned over to juvenile authorities.

Washington Hi PTA Invites New Members for Expanded Program

By DON WOLFE
(WUHS Faculty Member)

The Washington Union High School Parent-Teacher Association recently opened their series of meetings for the 1953-54 school year. This initial meeting, the annual "Get Acquainted" gathering, served to introduce new faculty members. Another meeting is set for tonight.

Theme for this year's meetings is "Our School," a timely subject for our community in transition. Parents of all high school students are invited and urged to become members of this local P.T.A. chapter. Their membership and participation is a vital link in school and home cooperation in matters relating to child growth and progress.

This year's meetings are designed to give a balanced picture of the school's varied offerings—academic, pre-vocational, and extra-curricular—plus a glimpse at special student services and a look into the future of physical and curricular growth. It is important that parents of the 356 Freshman students take advantage of the opportunity to get an understanding of the school program and to meet the people who help mold their children's futures.

The Washington Union High School P.T.A. meets on the second Tuesday of each month in the school cafeteria. Mrs. Graydon Spurlock, first vice-president and program chairman, announces the following schedule of meetings:

November 12: A student panel on "Why I Chose This Field," will emphasize the school's pre-vocational program. In charge will be Miss Lois Nicholson, social studies teacher and counselor.

December 10: The Annual Christmas pot-luck dinner with gift exchange and musical program will be held.

January 14: This meeting, on the school's academic program, will feature Mrs. Naomi Troxell, county school psychologist, and Mike Cimino, local industrial plant manager. The meeting is being arranged by Vice-Principal Irving Hird.

February 18: "Founders' Day" meeting will feature the presence of

Dr. John R. Austin

tation of memorial pictures and life membership awards. Ronald Lambert, dramatics instructor, will head a program in the school's extra-curricular activities.

March 11: This meeting, under the direction of Judson Taylor, will be given over to the class counselors and advisors for a discussion of special student personnel services.

April 8: The school's newly formed administrative council, headed by Supt. J. V. Gould, will discuss the school's future curricular and physical growth. The election of next year's officers also will be held.

May 13: This final meeting is for the purpose of installing the newly elected officers for the 1954-55 school year.

The 1953-54 staff of officers of the high school P.T.A. extend an invitation to membership to the parents of all high school students. With this invitation comes a special note for these parents who are new in the community to use this means of acquainting themselves with the program and personnel of Washington Union High School.

SUPES ACT TODAY ON DECOTO CLINIC

County Supervisors are slated to decide today whether to permit a medical clinic in a residential-zone part of Decoto.

The clinic permit is asked by Dr. Samuel Levine of Hayward. He wants to erect a building for this purpose at the corner of Fourth Street and Decoto Road. Previous history of Dr. Levine's request:

1. The permit was denied August 10 by the Planning Commission on the grounds clinics are "non-conforming uses" in homes districts. A group representing itself as spokesman for "Decoto business" appeared to object to the establishment of the clinic.

2. Dr. Levine appealed to the Board of Supervisors. The issue was bounced back to the Planning Commission.

3. On October 19, in a 5-2 vote, the commissioners reversed themselves and oked the clinic, despite protests from Attorney Peter Lojo, again representing the "businessmen."

Now the Supervisors must ratify the latest commission action.

NEWARK NEWS

TB SEAL DRIVE OPENS HERE

"An intensive effort aimed at wiping out tuberculosis—a disease which threatens us all."

That is the campaign which the Alameda County Tuberculosis and Health Association intends to continue with funds from its 1953 Christmas Seal Sale, which opens Monday, November 16, and continues through Christmas Day, according to Mrs. J. R. Whipple, Township campaign chairman.

The penny Christmas Seals will be delivered by mail to homes throughout the county during the week of November 16, Mrs. Whipple said.

Persons who do not receive them in the mail will be able to buy them at convenient locations throughout the county and at the

TB Association office, 121 East 11th Street, Oakland.

Sole public appeal for support of the work of the Tuberculosis Association, the sale of the colorful holiday stickers at a penny apiece provides funds for free millifilm chest x-raying and other TB detection activities, research, public and professional educational programs and patient rehabilitation, Mrs. Whipple pointed out.

Smog 'Menace' Cited by Hillview

Sniffing a menace to their homes, several Hillview Cresters last week protested a proposal to zone nearly 900 acres northwest of Decoto for factories.

The protests were raised in a public meeting called by the Decoto Chamber of Commerce to explore rezoning of the Decoto-Hillview area.

County Planning Director John Jay Thomas exhibited a map showing a large tract west of the Southern Pacific tracks zoned industrial.

Two or three Hillview homeowners immediately responded that they had moved "out into the country to get away from noise, smoke and smell," and that they don't intend to see it "created by factories next door to us."

Thomas countered that good planning, and a county air-pollution control ordinance would remove the danger. The county at

present has no such ordinance, however.

(Last week, Dr. James C. Malcolm, county health director, told the Supervisors such a law should be passed as soon as possible, terming fumes and smoke from existing factories a health menace.)

Thomas warned that unless the law exists before industry moves into an area, smog-control is very difficult.

Two representatives of the Western Pacific Railroad, C. R. Nipper and W. G. Hanson, spoke for the industrial zone. Said they: zoning for industry is the only way to support schools and other public services, because industry pays such large taxes in proportion to homes.

"You can't afford to be the 'bedroom' for Santa Clara County industries," Hanson declared. Manuel Hidalgo, president of the Decoto Chamber, opined "industry is welcome, but it should be where it belongs."

Another meeting to discuss the rezoning will be held Dec. 10 in the Decoto School.

is poor wiring robbing your appliances of full power?

If your home is like 99 out of 100—chances are you've been annoyed by one or more of these symptoms of out-of-date wiring: blown fuses...blinking lights...too few outlets...appliances that heat too slowly. This is true even in new homes! To get full value from your lamps and appliances, and make the most of low P. G. and E. rates—see your electrical contractor today. A NEW CONCEPT?

New pressure is arising to change the makeup of our central representative group, now existing only as the Township Chamber of Commerce. One faction in the chamber wants to dissolve it, and start from scratch, taking in not just the eight town chambers, but the people as a whole.

Unincorporated regions such as our Township have no real "voice of the people," since they elect no city council or legislative body quickly responsive to grassroots opinion. Because of this, the eight town chambers unofficially have assumed the function of town councils. So the central Township Chamber ought to be something which can express the will of all our people better than any other group. However, because in some of the towns only a narrow section of the population ever attends chamber meetings, and because town rivalries checkmate much action, the central chamber has not always been representative.

For these reasons, a reorganization appears due. Our personal feeling is that the new chamber, or whatever it is called, should not concern itself with chasing down new factories. That function is ably handled for us by the Alameda County New Industries Committee.

Instead, our central civic body should devote itself to solve the growing internal problems of this growing area. It should provide a united voice to impress State, County and local groups with each issue the Township faces. Therefore, its makeup should be as broad as possible.

HASTE MADE WASTE . . . AND WAR

In his memoirs of World War II, now serialized in an American magazine, Sir Winston Churchill writes of the circumstances surrounding the momentous concessions granted Russia at Yalta. They were made to entice the USSR to help the Allies against Japan. You will remember that these concessions allowed Russia to gain control of Manchuria, a valuable industrial base from which she later won China to Communism; and they caused the split of Korea at the artificial boundary of the 38th parallel.

Says Churchill, the Far Eastern agreements were between Stalin and President Roosevelt, and did not concern Britain directly, so he took no active part in them. They were concluded in one day, the last one of the Yalta Conference, most of which had been devoted to social affairs and discussion of free Polish elections. Churchill moreover says "the President (who was to die less than two months later) was anxious to go home."

In view of the tremendous foothold the Yalta concessions gave Russia in the Far East, what a pity it is that more time and bargaining skill could not have been devoted to them. How the Soviets must have chuckled at the advantage they won in day's bargaining and a week's bloodless blitzkrieg!

As for Britain's hands-off policy, that Empire had a stake in Asia too. She recognized it by insisting on a carrier task-force to operate with the American Fleet. One wonders why Sir Winston, so quick to assert British rights everywhere else, failed to stick in his oar at Yalta.

SMOG CONTROL

Health officers of the counties bordering on San Francisco Bay are enlisting public opinion in an effort to solve the mounting problem of air pollution — "smog," as it's usually called. Like earthquakes and barefoot prophets, smog is no longer an exclusive property of Los Angeles.

It's interesting to note where smog comes from: industrial plants are by no means the chief offenders. A recent survey in San Mateo County showed 65 per cent of air pollution there comes from cars, trucks and buses; burning dumps account for 12½ per cent, railroads for 10 per cent, and factories for only 7½ per cent. In more heavily industrial Alameda County, surveys show that backyard incinerators cause a major part of the air pollution, although industrial plants also contribute.

Hillview Crest homeowners already are worried that smog from future factories may blacken their lives. In Washington Township, where we must roll out the red carpet for factories in order to keep our taxes down, a speedy curb on air-pollution nonetheless is desirable. The county lacks an anti-smog ordinance, and it ought to have one.

Probably the best way would be to install such a law—aimed at all smog-producers, not just factories—in conjunction with the other Bay Area counties. Smog is no respecter of boundary lines.

SUZY SEZ...

SUZIE SAYS

Many street intersections in our Township are badly in need of work by a hedge trimmer, so that motorists can see in both directions. Do home-owners realize that blind corners can cause a serious accident?

They'll do it every time! The same ladies who filled out eight or ten entry blanks for the prizes at the cooking school were busy with pencils and pens at the opening of the new Township market last week.

A chef of my acquaintance suggests you try dusting your pan lightly with flour next time you bake biscuits. It works!

The same man also says that if you add one well-beaten egg with lemon juice to your raisin pie filling, instead of flour, the results will be much better.

In several Township areas, it is reported that it often takes as long as five minutes to reach the operator, even when placing an emergency call. Worry makes the time pass slowly, but it still seems a shame.

Along about noon, on our Township roads, you'll see a half-dozen utility workers eating lunch with all the comforts of home, including a canvas table-cloth and an open fire for hot coffee.

When purchasing potatoes, select them all about the same size, and you'll find they all cook in the same length of time.

Time on your hands now that your youngsters are in school? Join the Red Cross Gray Ladies volunteers. It's work you'd enjoy, and is always welcome by service men.

Save time and work! Check the top of your pound packages of sugar. The number of cups the package contains is usually printed there to aid in cooking and baking.

Right after reading that the Baine and Blacow intersection doesn't need stop signs, Orchard Park residents heard a loud crash. It was autos whose drivers might possibly disagree with the traffic engineer.

The most dangerous exercise can be jumping to conclusions!

Many of the teachers in our Township look so young that it's hard to tell them from students. Most of the pupils seem to like having a teacher more nearly their own age, but it makes me feel elderly, to have some young looking woman turn out to be that paragon of teachers my favorite ten-year-old speaks of, who I had thought to be close to retirement age. She seemed to know so many tricks to get the class cooperation.

If you are tempted to doubt your husband's good judgment, remember, he chose you!

The best dessert I have tasted in a long time was a peach cobbler, made with home-canned peaches, with a half of a vanilla cake recipe mixed and put on top. Served warm with ice cream, it rated raves from every one present at one card party in Niles.

Start the school year out right by visiting your child's teacher. That's the only way to see how well he's progressing. Teachers will welcome you, and will be glad to discuss any problems with you.

The most inflammable piece of wood in the world is the chip carried on the shoulder!

ALVISO DISTRICT CIRCULATES PLEA TO ANNEX SELF TO UNION SANITARY

Petitions are out this week which call for an election for annexation of the Alviso area, which would double the present size of the Union Sanitary District.

The district now takes in Niles, Centerville and Newark. Cost of installation of sewer lines has been estimated at \$300,000.

The area proposed for annexation includes about 5000 acres, between the Alvarado and Decoto Sanitary Districts and the northern boundary of the Union District.

It has an assessed valuation of \$1,500,000 and a population of about 1000. This number is expected to increase many times when pending housing developments are completed, according to George Coit, president of the Union District board.

The proposed boundaries have been approved by the Alameda County Boundaries Commission. If 25 per cent of the residents of the area proposed for annexation, representing 25 per cent of the assessed valuation, sign the petition, the election will be called. To carry the election, the majority of the residents of both the present and the proposed areas must cast a favorable vote.

Cost of installations in the new area would be borne by property owners in the annexed land, either

by bond issue or special assessment district or both.

The area proposed for annexation is bounded roughly on the south by the present boundary of the Union District, on the east by Highway 9 in the vicinity of the Zwissig ranch, on the north-east by the Decoto Sanitary District, on the north by a line midway between Beard and Lowry Roads and on the west by a segment of Dumbarton Road and a line taking in the Patterson and Brown ranches.

At a public mass meeting held at the Alviso Grammar School in September, residents voted unanimously to seek the annexation.

PLAYGROUND OPEN DURING HOLIDAY

Recreation Director Robert Lamp announces that during the Thanksgiving holiday the Newark school playground will be open Wednesday, November 25, from 9:30 a.m. to 5 p.m., closed Thanksgiving Day, and open from 9:30 to 5 o'clock Friday and Saturday, November 27 and 28.

During the holidays a basketball clinic will be conducted by the playground personnel for boys and girls from ages 8 to 15; on Wednesday ages 8 to 10, Friday 10 to 12, and Saturday 12 to 15.

TOWNSHIP PUPILS AT SAN JOSE STATE

Twenty-two students from Niles, Irvington and Alvarado are attending San Jose State College, California's oldest and largest state college.

Full quarter enrollment is more than 7100 as the college begins its 96th year.

The 11 Niles students are: Arlen W. Amaral, Eva V. Bassigiani, Gary Bellati, Ruby Borge, Marlene M. Dias, Warren B. Enos, Robert F. Lewis, Lucinda Low, Robert Low, Beatrice Perez and Joan M. Vervais.

The eight Irvington students are: Richard Belding, John Borge, Kenneth Evers, Alfred J. Kiep, Gerry Kodama, Donald Leach, Margaret A. Long and Nathalie Vayssie.

The three Alvarado students are: Elizabeth Ann Flores, Carol Hocking and Vernon E. Perry.

ARCHERS KILL

DEER, SET MARK

Bow and arrow deer hunters have scored a new annual kill record in California, according to incomplete deer tag returns compiled by the Department of Fish and Game. By the end of October, archers had accounted for a take of 79 deer.

The previous bow and arrow record was set in 1949 when 44 bucks were taken.

Los Angeles County led all others as the scene of successful archery hunts. In the Malibu area, set aside for exclusive use of archers, a total of 19 deer were bagged.

MORE DIRECTORS SET FOR NEWARK REC' DISTRICT

Membership of the executive board of the Newark Park, Recreation and Parkway District has been increased to five, due to a change in the public resources code made by the State Legislature effective September 9.

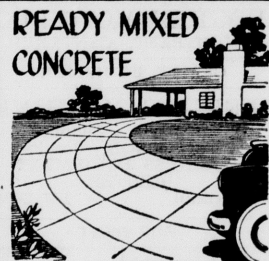

There are at present three members on the board, Mrs. Norma Snow Willburn, president; Mrs. Lillian Costa, secretary, and Judson Taylor. The two vacancies will be filled by Governor Goodwin Knight. Anyone interested in serving may write to the governor stating his qualifications. Friends should also write in his support.

Other candidates in the original election approving creation of the district last December were Louis Caldeira, Neil Sheffield and Carl Hersey.

Election dates for the district have been changed to coincide with elections to the County Board of Supervisors, which is every other year in the even years. Mrs. Snow, Mrs. Costa and one new appointee in November, 1954, and Judson Taylor and the other appointee in November, 1956.

Next meeting of the board of trustees is Thursday, November 19, at 8:30 p.m., in the Youth Center Building on Ash Street.

Foolproof White Sauce

You can have perfect, smooth white sauce every time if you make it this quick easy way. White sauce (also called cream sauce) will keep in your refrigerator about a week, and there's nothing handier to have on hand for innumerable dishes that call for a white sauce.

4 tablespoons butter
4 tablespoons flour
2 cups milk
1/2 teaspoon salt
1/8 teaspoon pepper

Melt butter over low heat in heavy pan. Stir in flour. Cook 4 minutes, stirring constantly. Don't brown. Take pan off stove and let it sit a minute. Add only 1/2 cup of the milk. Stir very rapidly at this point and keep stirring until you have a thick, smooth paste. Stir in remaining milk gradually until smooth. Keep stirring until paste and milk are thoroughly mixed. Return the pan to medium heat. Stir constantly and thoroughly until mixture thickens. It takes about 5 to 7 minutes to cook flour. Add salt and pepper.

Rev. Riley Kaufman's topics: Services of the Newark Assembly of God, Thornton Avenue at Birch Road in Newark, are held at 11 a.m. and 7:30 p.m. each Sunday, with Sunday School at 9:45 a.m. Midweek meetings are Wednesday night at 7:30.

Rev. William E. East announces that revival ends Sunday, November 15. Rev. L. W. Griffith of Oklahoma is the speaker at evening services at 7:30.

Friends of William Maloney, injured Irvington Boy Scout leader, are giving a special skating party for his benefit, Monday evening, November 16, at the Maple Roller Rink in Irvington.

All proceeds of the party will go for a Christmas fund for his family. Maloney was injured seven weeks ago in an automobile accident. He is still unconscious at Highland Hospital.

Leaving Saturday for an extended visit with relatives in Venezuela was Miss Teresa Gallegos of Mission San Jose.

Miss Gallegos accompanied her sister, Mrs. Julia Minton of Alameda, on a trip to see Mrs. Minton's newly-wedded daughter, Mrs. Kitty Healy, who lives in Caracas, the Venezuela metropolis.

The travelers expect to be gone three months. They will sail for Caracas from an Eastern port.

I, the undersigned, hereby certify that I am transacting business in the State of California, having my principal place of business at 820 Magnolia Street, Newark, Alameda County, California, under the firm name and style of "THE NEWARK EXPRESS"; that I am the only person having any interest in the said business and that my name in full and my place of residence are as follows:
